Black Women's Health and Family Support	Established in 1982, Black Women's Health and Family Support's primary area of concern is promoting the eradication of Female Genital Mutilation (FGM). However, we believe that work in this area can only be effective when understood within the overall context of black women's health and this holistic method has led to a broad scope of work by the organisation, encompassing grassroots projects which support and empower women and their families in Britain and Africa, as well as influencing policy making at the highest levels.	<a href="#">Website</a>
British Somali Community	British Somali Community (BSC) is a local women's charity set up in 1995, by and for members of the Somali Community in Camden. These are some of the poorest and most disadvantaged residents of the borough. It seeks to make a significant improvement in their lives by addressing the educational and recreational needs of Somali young people, and the health and educational needs of Somali women and the Somali elderly.	<a href="#">Website</a>
Ocean Somali Community Association	OSCA is an innovative charity organisation running free services for residents in East London. Our aim is to provide support services for the Somali community in the East End of London to access opportunities, strengthen relationship with mainstream service providers to create social changes.	<a href="#">Website</a>
African Advocacy Foundation	Africa Advocacy Foundation (AAF) is a charity founded in 1996. We are community-led grassroots organisation that aims to promote better health, education and other opportunities for black and	<a href="#">Website</a>

	<p>minority ethnic groups (BMEs). We provide practical support, advocacy, information, guidance and training to professionals and community members alike. We work to empower individuals and families experiencing multiple disadvantages and barriers including ill health, poverty, deprivation, violence, isolation and those relating to language, culture and faith issues.</p>	
28 to Many	<p>28 Too Many is a values based charity working to end female genital mutilation (FGM). Our primary focus is on research and enabling local initiatives to end FGM in the 28 African countries where it is practised and across the diaspora. We also network and advocate for the global eradication of FGM, working closely with other charities and organisations in the violence against women sector.</p>	<p><a href="#">Website</a></p>
