

FGM Services in the Yorkshire and the Humber

Below are the services in Yorkshire and the Humber. If you have any services/events you want us to add please get in touch with us at nationalfgmcentre@bamardos.org.uk with the below information.

Organisation	Details	Website/Contact Details
SHIANA	To support and empower those from Black, Asian, Minority Ethnic and Refugee (BAMER) communities whose lives have been affected by violence and abuse to take control of their lives and move forward into healthy, stable and safer futures. Based in Sheffield	View the website or call on 0114 255 5740
Sheffield Domestic Abuse Co-Ordination Team	Sheffield DACT has taken on responsibility for domestic abuse services in Sheffield following the approval of the Strategic Review of Domestic Abuse Structures and Services, by Cabinet Member Decision in November 2012.	View the website or call the Helpline on 0808 808 2241
Peacemaker International	Peacemaker International is proud to be a charity that seeks to promote equality and diversity in our communities, encouraging social cohesion and fostering harmonious relationships within communities. Peacemaker International organise community workshops for awareness-raising events to enlighten and educate people about the damaging and harmful impact of FGM including the effects on individuals. Based in Bradford .	Visit the website or call 0845 600 2421
Oasis	Oasis is a Manningham Housing Association project which has an established track record in providing Domestic Abuse services since 1999. At first it set up emergency accommodation with support in refuge for larger families, known as 'the Black Womens Support Project'. Based in Bradford	Visit the website or call on 01274 634850

<p>Perinatal FGM Clinic</p>	<p>Our midwife-led FGM service includes both antenatal and postnatal FGM clinics. The aim of our service is to improve the perinatal experience and outcome for both mother and baby, whilst providing health information/advice and protecting children. An assessment of the extent of the FGM is offered, following which an individualised plan of care is made with the woman.</p> <p>Leeds Teaching Hospitals NHS Trust perinatal FGM clinic has been running since 2008. We see over 150 perinatal women a year and offer assessments, care planning, de-infiltration and referrals for counselling etc. Our gynaecology consultant sees non-perinatal women. Referrals via midwives/GPS.</p> <p>Leeds.</p> <p>The antenatal clinic is held at St James's Hospital on Wednesday mornings. The postnatal clinic is held at St James's Hospital on Tuesday afternoons.</p>	<p>Haamla Midwifery Team – 0113 2066392</p> <p>Website</p> <p>St James's University Hospital, Beckett Street, Leeds, LS9 7TF.</p>
